8pm. A buyer wants a mixed order.
Where does it start?

ChatSKU

A quote form captures.
It never answers.

Request a quote

ITEMS

Several SKUs, mixed pack sizes

UNSURE ITEM

Left as a free-text note

QUANTITY

One is missing

COMPANY PRICE

Not checked

Send and wait

A rep opens it at 9am

ChatSKU

Same 8pm order.
Two different mornings.

Live chat

Offline

The widget shows offline. The buyer emails or leaves.

Catalog assistant

Complete

A priced draft and one flagged question.

What matters is not speed alone. It is what the rep opens first.

ChatSKU

The assistant finishes the request.

ChatSKU on BigCommerce

Here is my mixed order, plus one item I'm not sure you carry.

Catalog assistant

Matched the SKUs. What quantity do you need for the last one? I'll apply your company price list.

Asks the missing quantity

Catalog assistant

I've flagged the uncertain item for a rep to confirm.

A rep still approves

ChatSKU

Where should it start?

A form for custom jobs.
An assistant for the 8pm order.

Live chat when someone is really online.
